## **The Female Health Company Receives USAID | DELIVER PROJECT Order for 5 Million Units**

CHICAGO, September 10, 2007, The Female Health Company (AMEX: [FHC](#)) announced it has signed a contract with John Snow, Inc., which implements the USAID | DELIVER PROJECT, for the delivery of five million female condoms (FC) for United States Agency for International Development (USAID) programs.

For many years, USAID has been among the largest international donors of contraceptives and condoms. The Agency developed an operational plan for its HIV/AIDS “expanded response” strategy which includes a Commodity Fund to centrally finance male and female condoms for HIV/AIDS programs and to ensure their expedited delivery to countries. Through the Commodity Fund, which began in 2002, USAID provides male and female condoms to Missions for HIV/AIDS prevention.

O. B. Parrish, Chairman and CEO of FHC, praised USAID actions stating, “In continuing FC female condom procurement in 2007, USAID is demonstrating its commitment to supporting HIV/AIDS prevention efforts around the World. This commitment is particularly critical as the Global Community recognizes the increasing numbers of females affected by AIDS.” UNAIDS reports that worldwide, 17.7 million women aged 15 years and older are now living with HIV. The Global Coalition on Women and AIDS, a UNAIDS Initiative, is calling for more money in AIDS programs that work for women including closing the funding gap for the female condom and microbicides development.”

### **About The Female Health Company, Inc.**

The Female Health Company, based in Chicago, Illinois, manufactures and markets the *FC Female Condom®*, which is primarily distributed by public health organizations and donor groups in over 90 developing countries around the world. World-wide, the Female Condom is available in various programs in 108 countries. The Company owns certain worldwide rights to the *FC Female Condom®*, including patents that have been issued in the United States, United Kingdom, Japan, France, Italy, Germany, Spain, the European Patent Convention, the People's Republic of China, Canada, South Korea and Australia. *FC Female Condom®* is the only available FDA-approved product controlled by a woman that offers dual protection against sexually transmitted diseases, including HIV/AIDS, and unintended pregnancy.
